Portfolio

Kavish Mistry

My Personal Skills

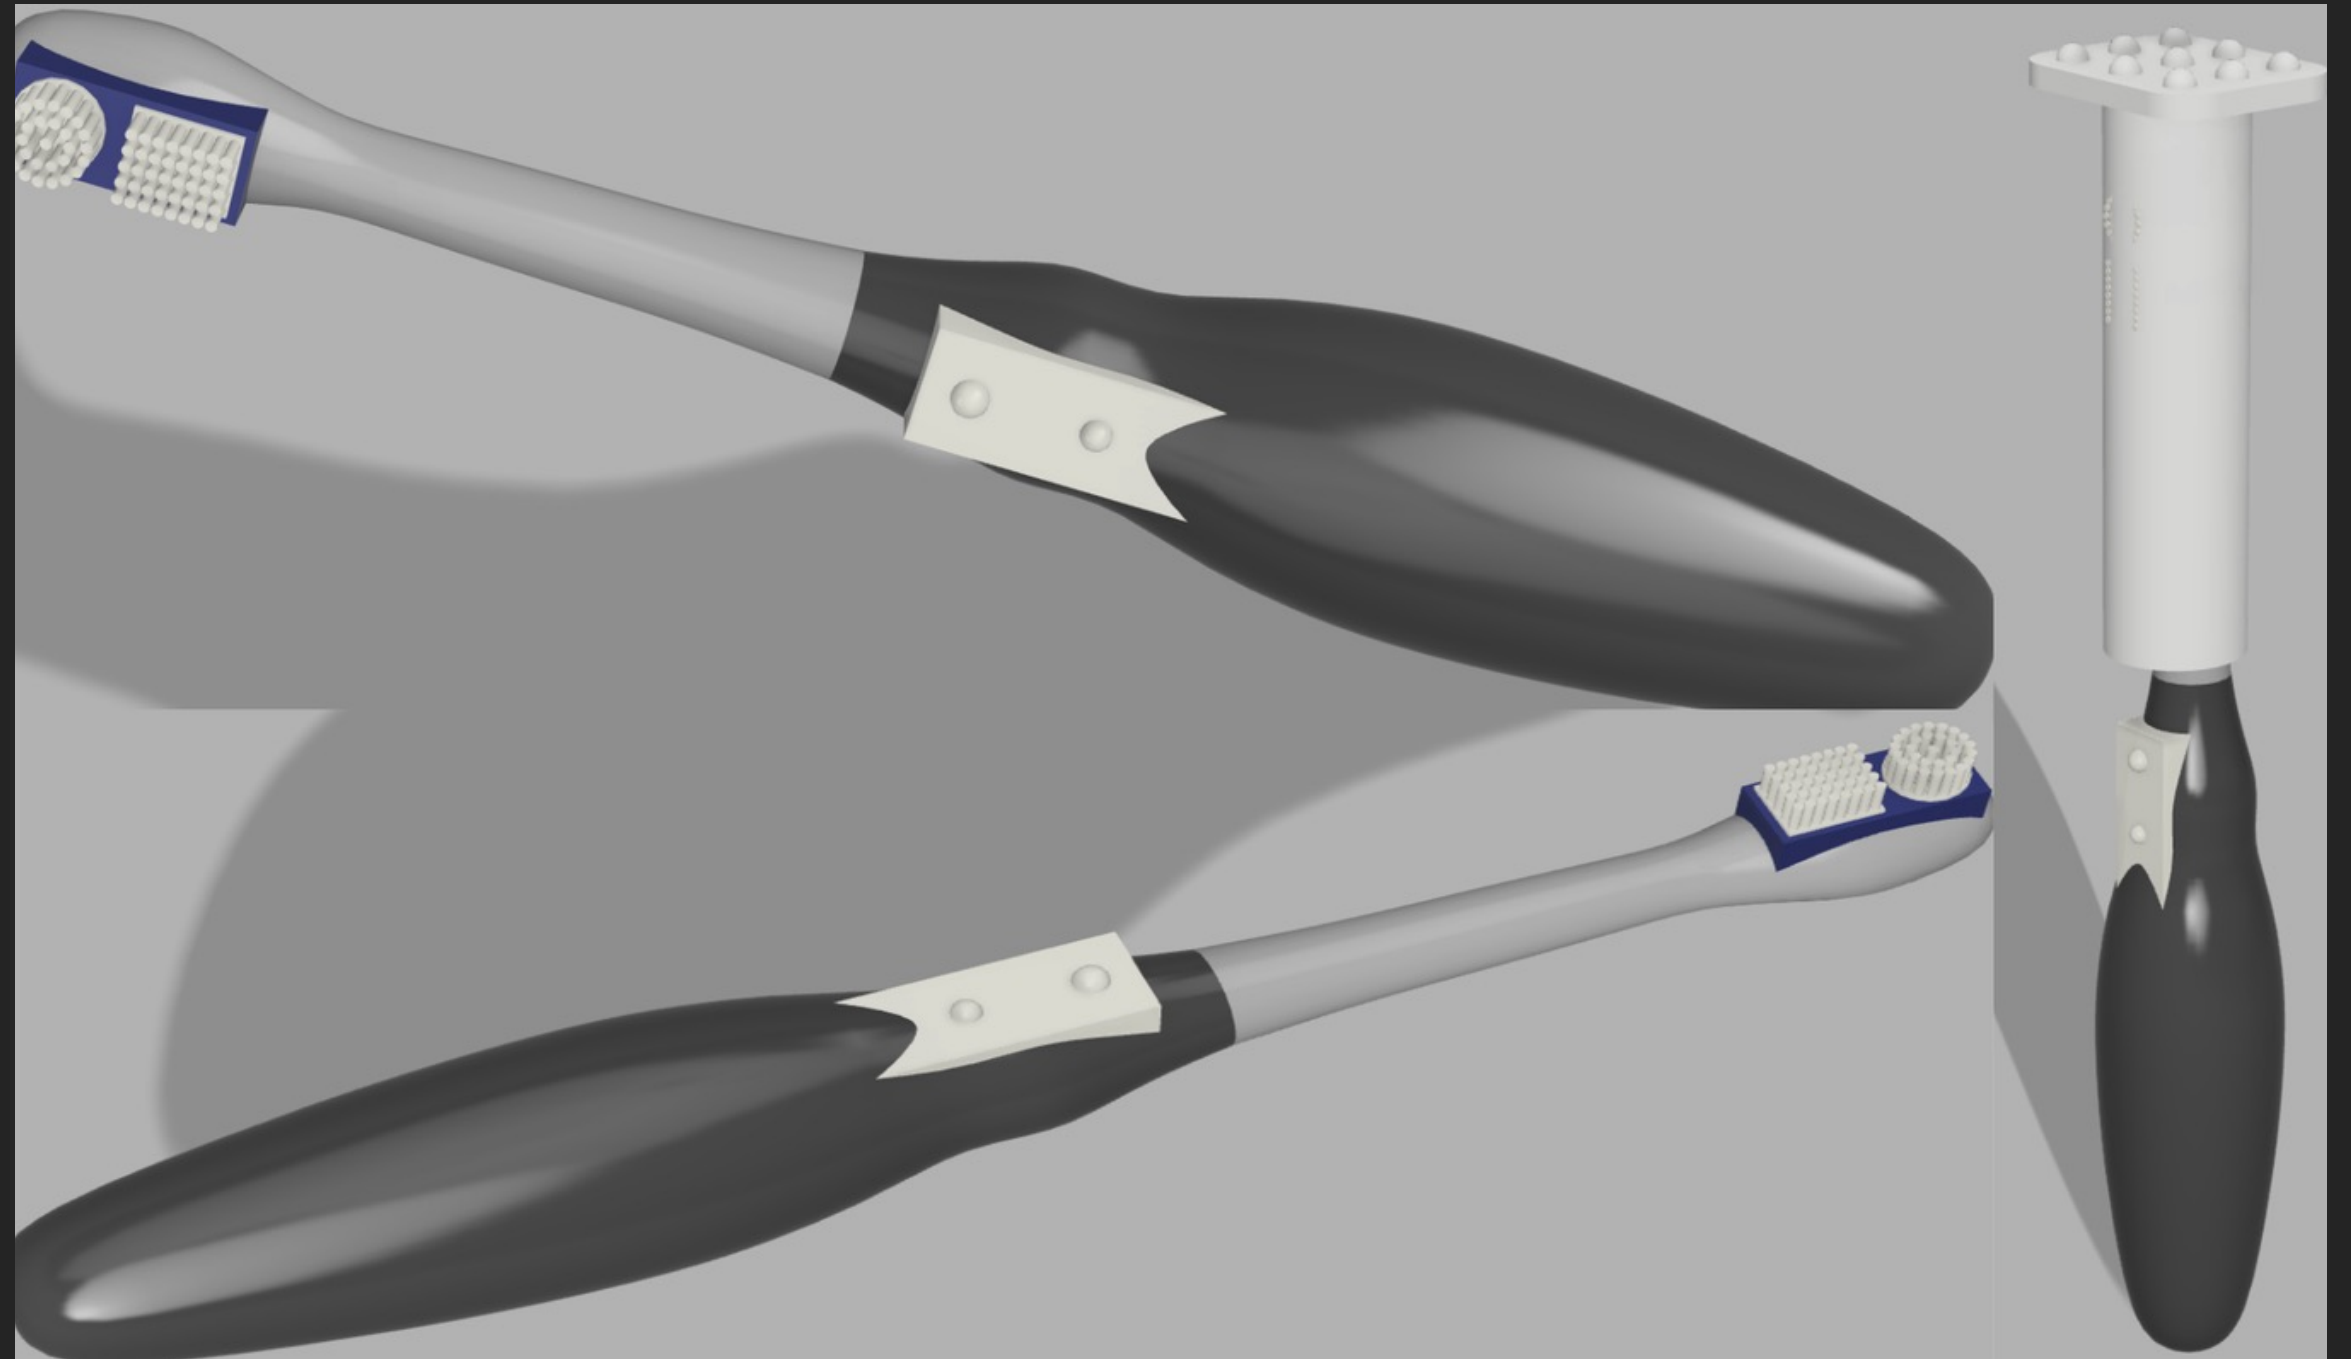

- Fusion 360
- Solidworks
- DFM / DFA
- MATLAB

- 2 time International Karate Athlete
- Automobiles & mechanical systems
- Running & fitness
- Music production
- Public speaking & communication
- Movie Editing(Imovies & Premier Pro)

Kavish Mistry

Electric Toothbrush + Add-on (fusion 360)

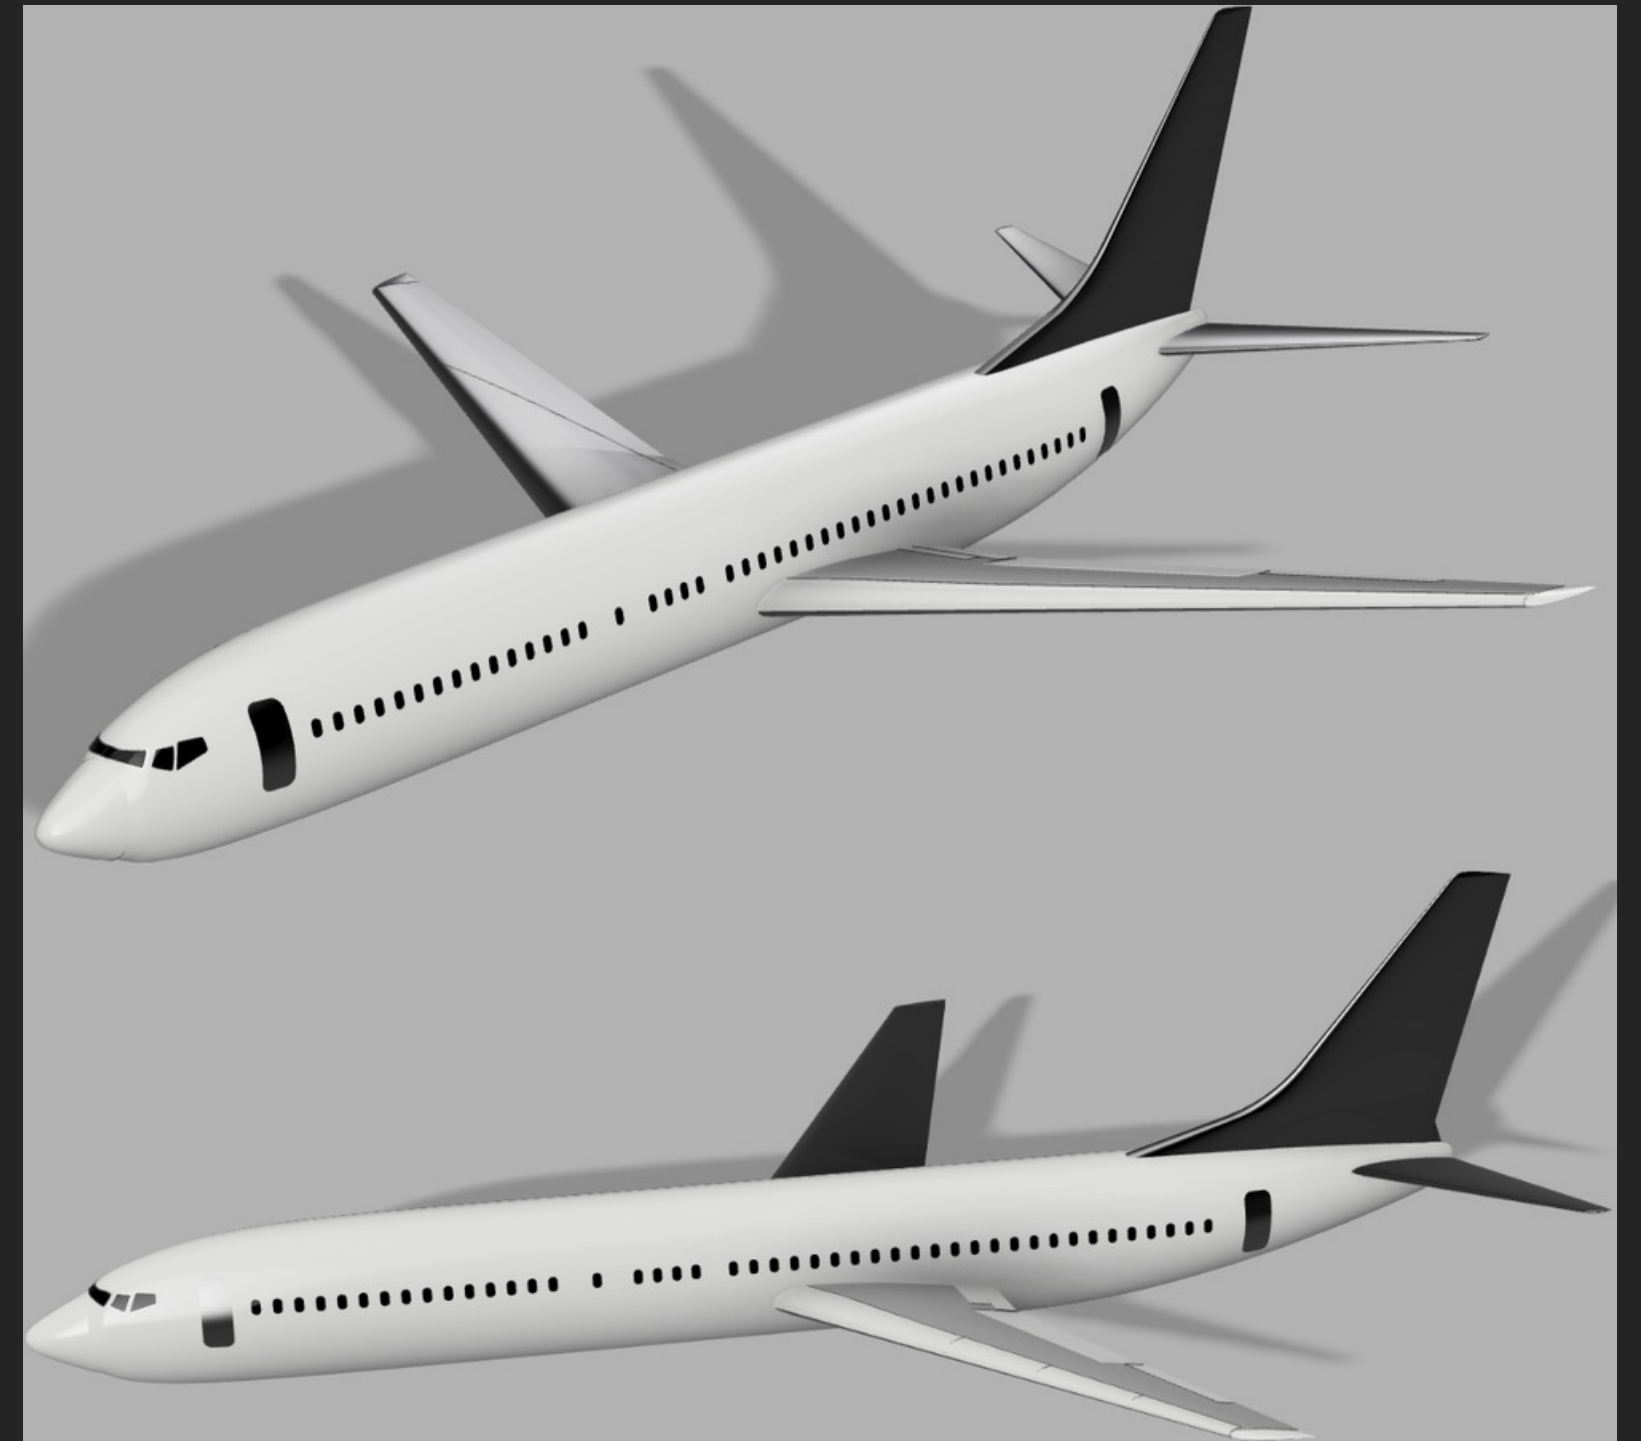

Designed an electric toothbrush with a modular attachment using design-for-manufacturability (DFM) principles for my ME 270 Class Final Paper.

Kavish Mistry

787-800 Aircraft (fusion360)

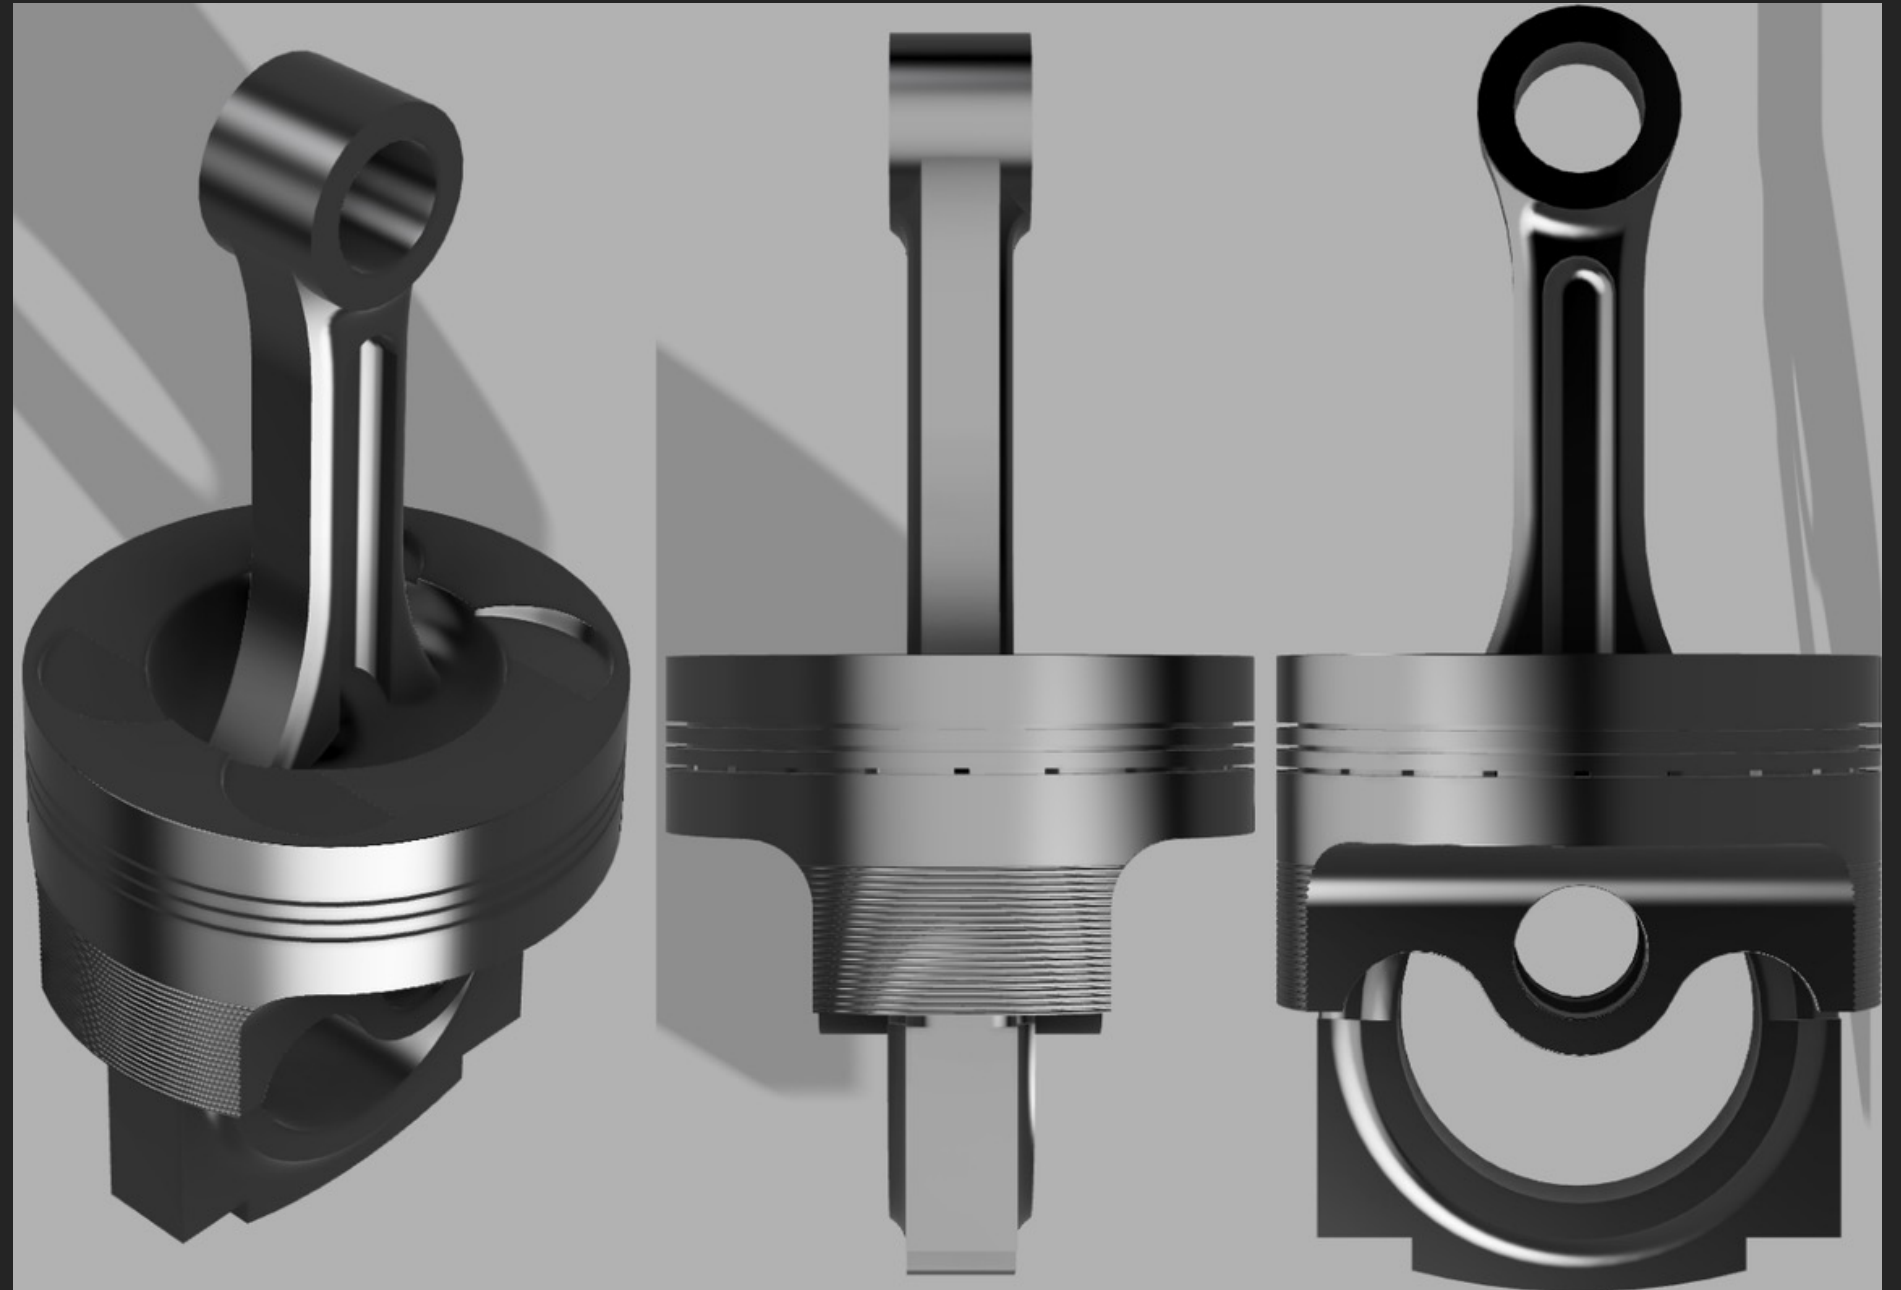

Created a detailed 787-800 aircraft concept model as a self-initiated project to explore aircraft geometry, large-scale surface modeling, and complex assemblies in Fusion 360.

Kavish Mistry

Piston^(fusion 360)

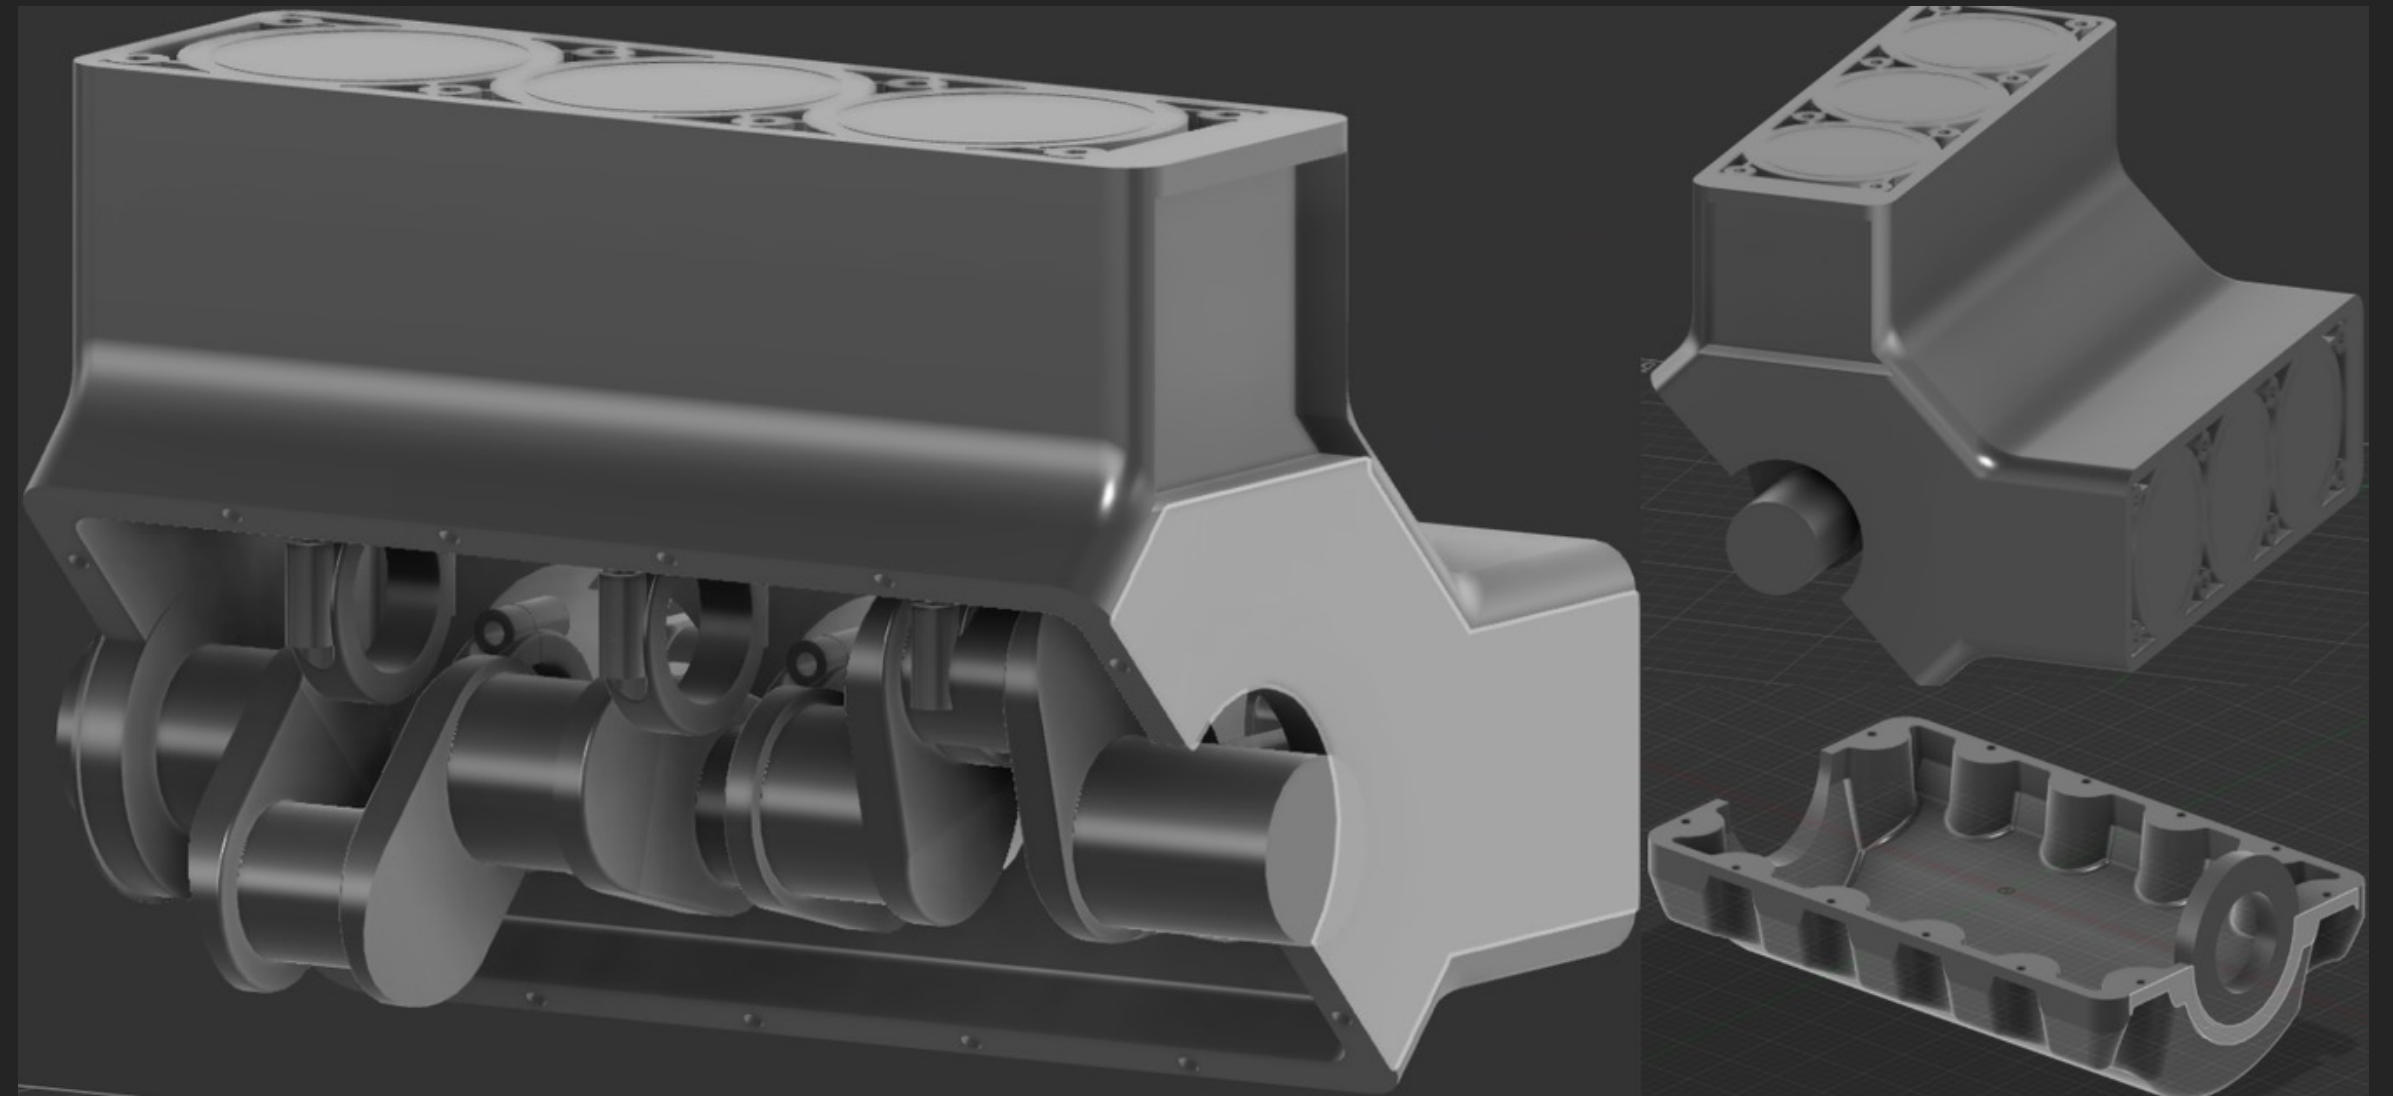

Designed and modeled a piston and connecting rod assembly in Fusion 360 as a personal mechanical exploration.

Kavish Mistry

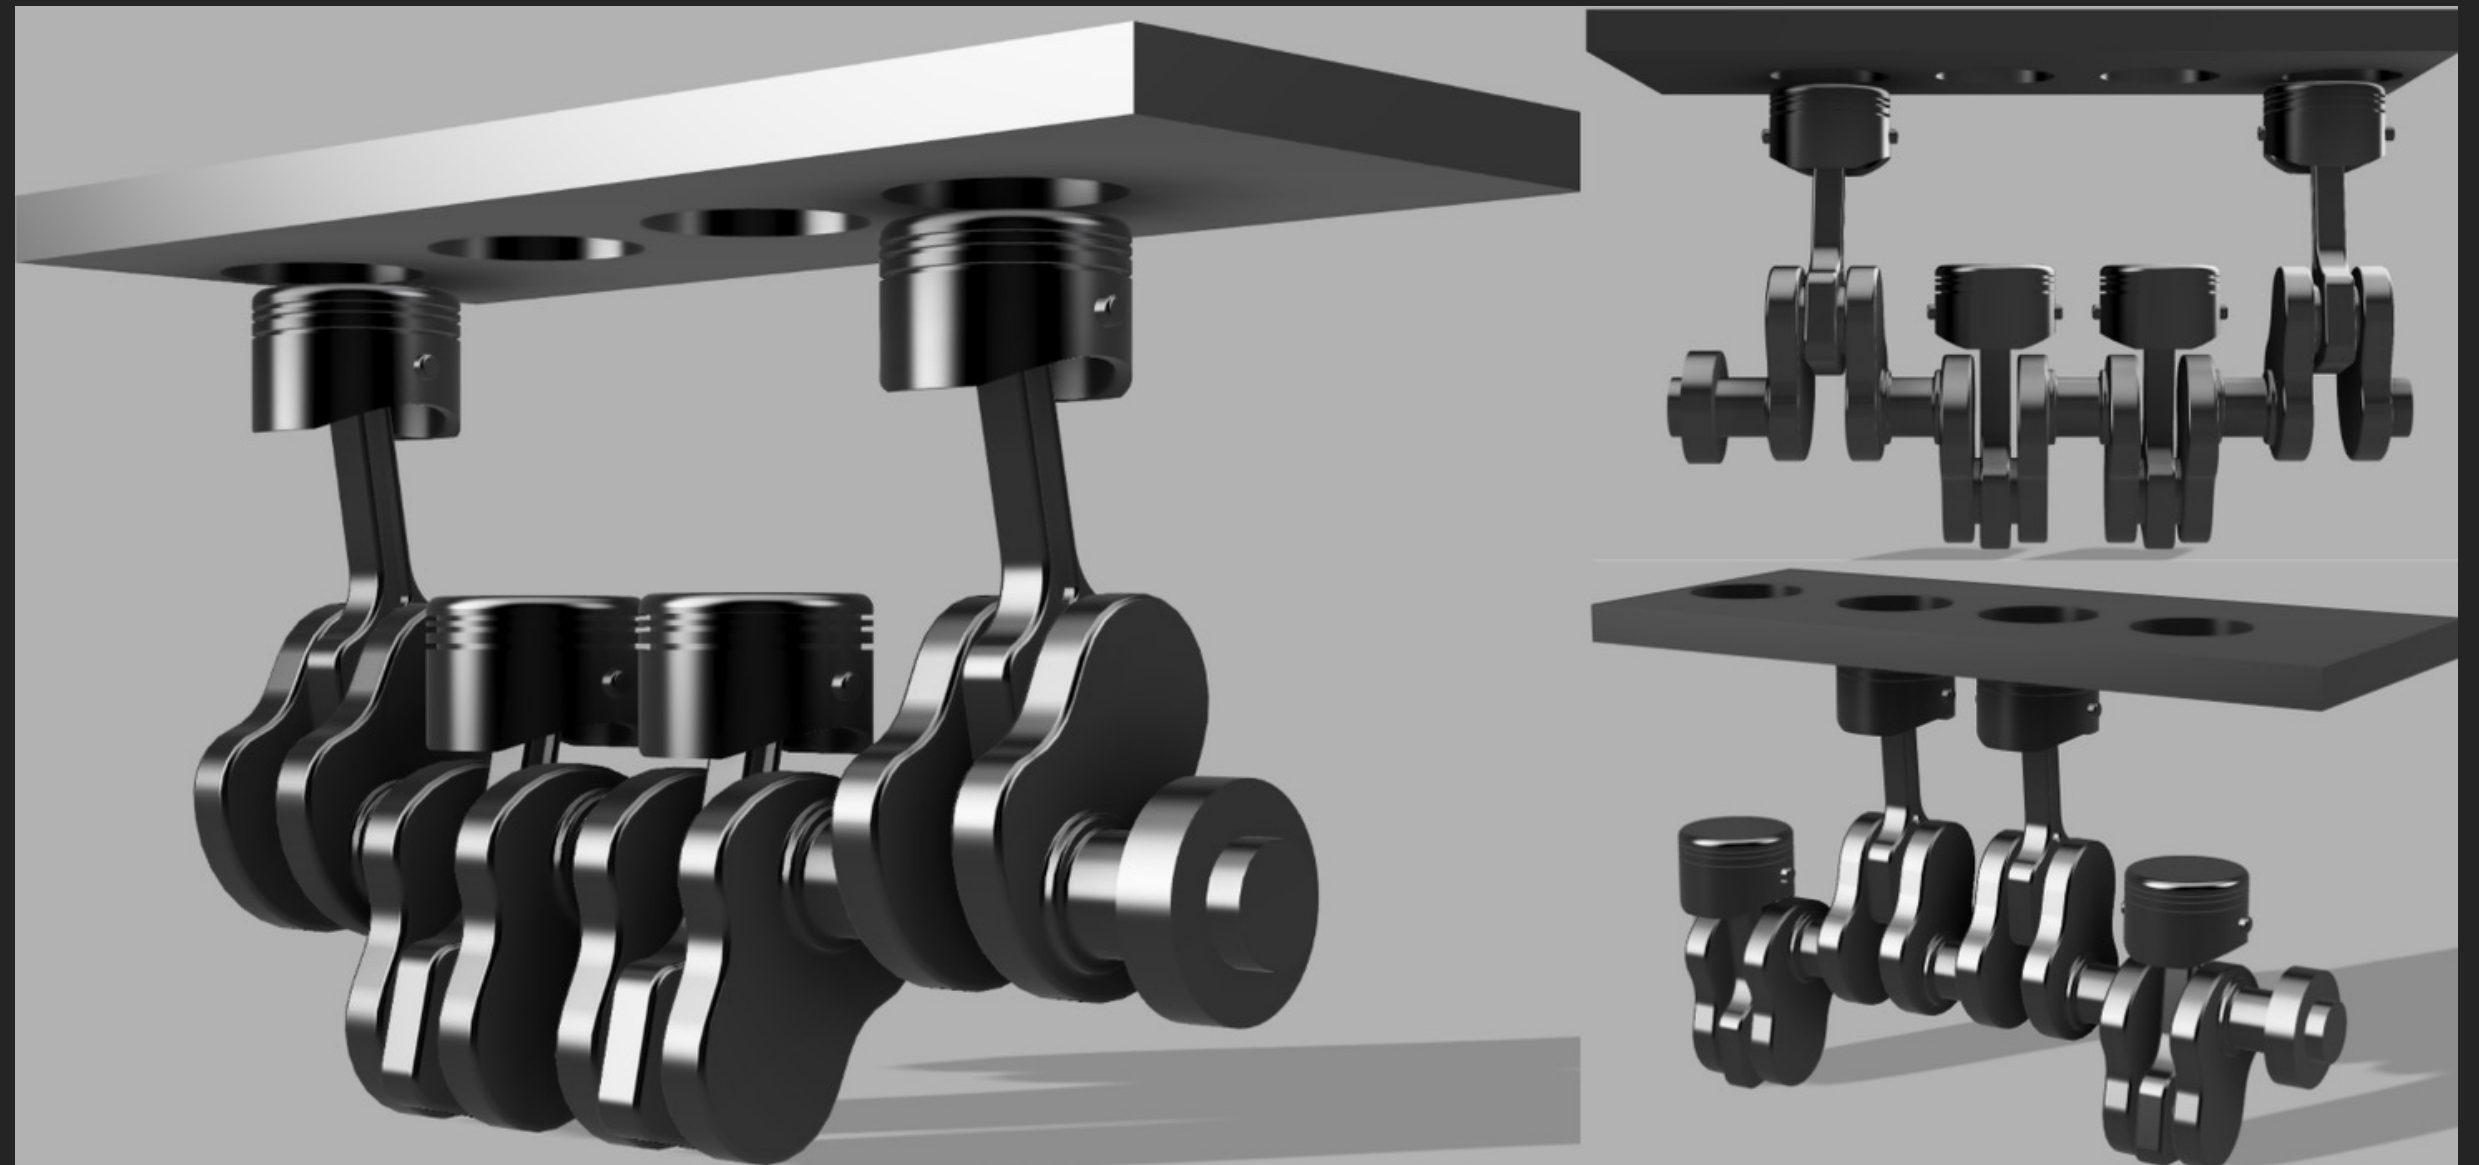

Piston + Engine Block+Oil Pan (fusion 360)

Modeled this arrangement as a continuation to all the other designs

Crankshaft (fusion 360)

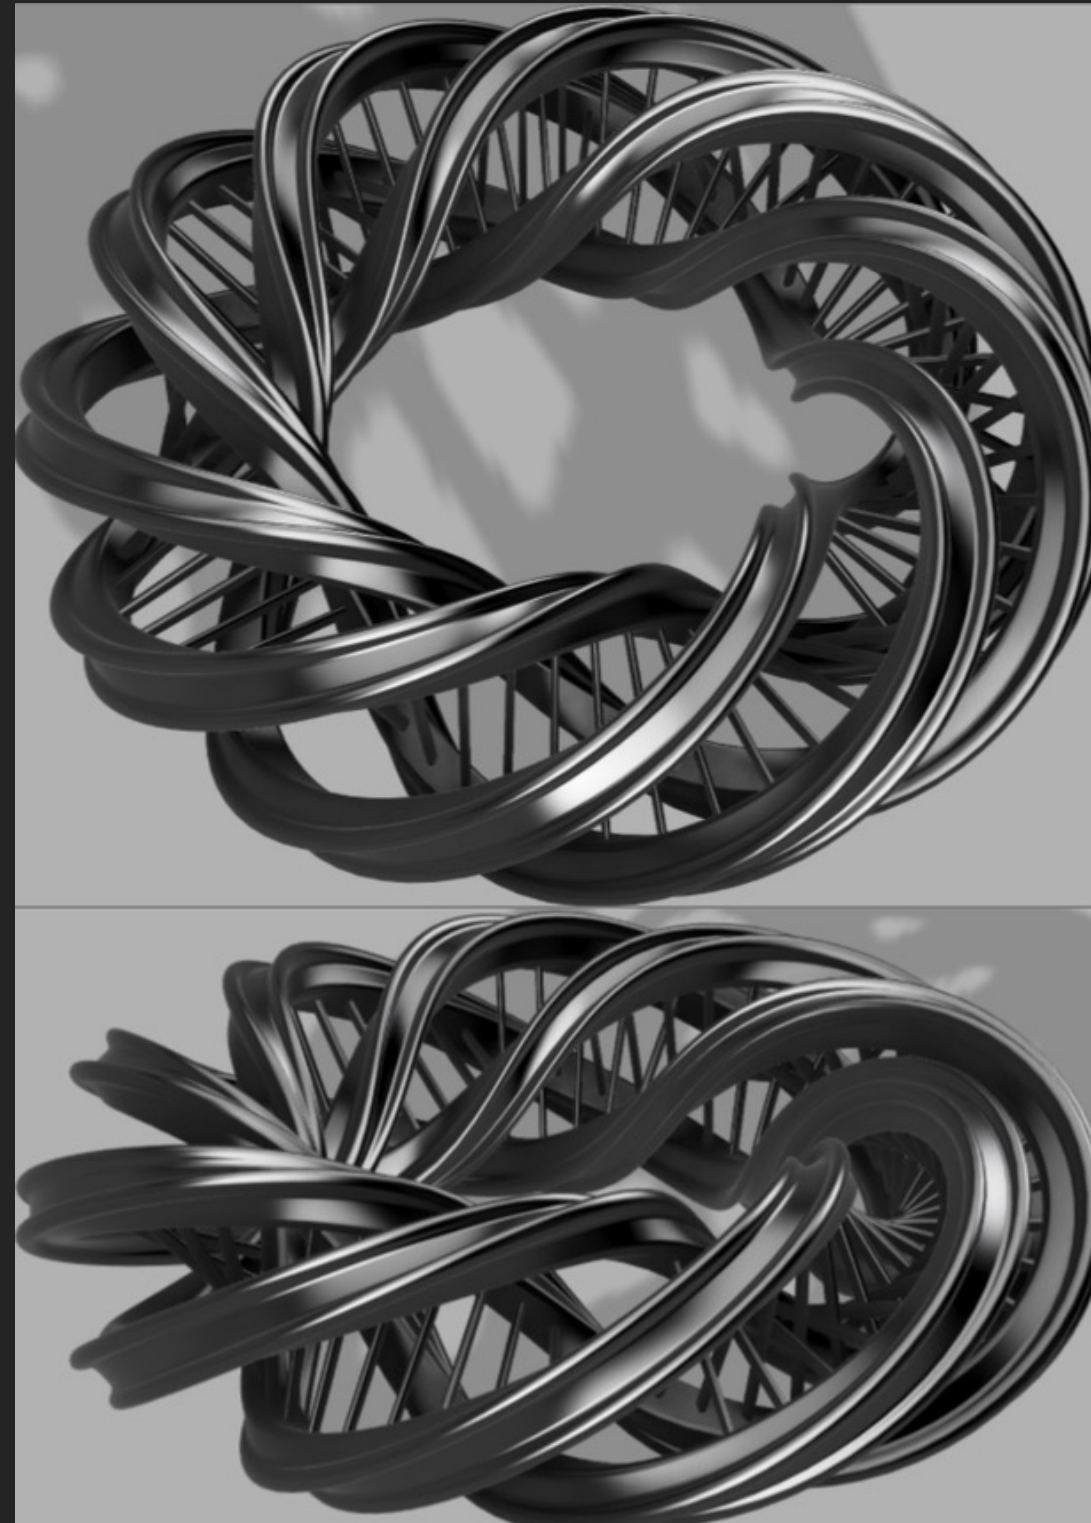

Modeled a crankshaft assembly in Fusion 360 to further my other designs.

Kavish Mistry

DNA Mobius (fusion 360)

Something I made since I saw it online and found it interesting

Kavish Mistry

Lego Block^(fusion 360)

I absolutely love Legos, so made a block design.
